SPORTING INTELLIGENCE.

DISCORD ABOUT AN ORGAN,

There is quite an excitement in Plymouth Church, Brooklyn, about the That splendid animal Rolla Golddust, Plymouth Church, Brooklyn, about the great organ that has just been erected there. Mr. Beecher and the trustees want it not to be used till the autumn, when sil the congregation will be back; but those of the brethren who belong to the Can't-Get-Away Club insist that if there is any nusic lu the instrument, it must come out now. They helped to pay for it, they say, and they want something for their money. Somebody will have to back down, or, it is said, there will be serious trouble between the shepherd and the sheep.

METHODISM IN FRANCE.

—Rev. J. P. Cook, Serretary of the French Conference, which has just held its annual meeting at Anduse, thirty-five index and any more of Menses elevels around presents on the track to witness the rage for the many reason.

first rank of American courses

French Conference, which has Just held its anual meeting at Anduse, thirty-five miles north of Nismes, gives the statistics of the conference:

We have within the bounds of our conference list chapels and preaching places, 28 passors, if local preachers, it cloperters and day teachers, 1,85° members and probationers (increase 41), 7 day schools, 41 Sunday schools, with nearly 10,000 hearers. Our people have made great efforts in financial matters. They have raised for our connectional funds, including the support of the ministry, not less th'an \$11,500 in gold, notwithstanding the poverty of most of them.

Problem of the Philadelphia B. ard of Trada.

A. J. PERKINS, Secretary.

The chances of a war between France firm. striggle upon finances and commerce LOUISVILLE THEN TO MARKET. Most of the Spanish fleet has arrived at Lahito, en route for Minilla. Admiral Minez was not expected to survive his wounds.

noney article of Thursday, says:

girg have been made at 35c, and holders are firm at that quotation. Kentucky bagging is firm at 35@36, with an active conusption and special inquiry. Maculus rope is firm at 15%/319c, and half coils are

Fresh per dos Flome, # bbi Fine heid at 1112c. Hand rope is firm at 1612 The floar market, during the week, has been more than usually buoyant and ani-inated, with an setive local and shipping Prices have advanced during the week, and the market closes firm at sactions in wheat, during the week

have been unimportant. The new crop is coming forward slowly, and prices are, as yet, irregular and unsettled. Rnyers have, however, advanced their rates and prices have an upward tendency.

The demand for corn has been less actlve than has characterized the market for sometime past, and dealers have made essions. Prime white has been sold or at 90c, including aneks and delivery, and mixed at 78c, including sacks and deily-

There is a fair local demand for oats. The old crop has about disappeared from the market, and quotations are nominal at from 48/a50c. The new erop is coming forward liberally, and dealers are paying Glasger rom 35 to 40c, according to quality.

In drugs, medicines, paints, oils, &c., ng to Congress, at its late session, the trade has been more than usually active, and prices on all the leading articles of the trade are steady.

Flaxseed is firm at \$2.50. Feather have advanced and are in demand at 75% Feathers, N b 77. Apples, onions and potatoes are coming forward liberally, and prices are irregular; apples are selling at from \$264 per hbl; potatoes at \$16125; onlous at \$t Ginseng is steady at 93(1950 Old dried fruit is scarce; new dried apples are quoted at 5c; peaches at Irom %12e. Munufactured and pig iron is quiet and

Leather is dull, and prices are without otable change.

The provision market has been satisetorliy active during the week, and prices have been fully maintained and the arket closes firm. Saies of mess pork have been made, during the week, at \$33, but some parties are holding their stocks above these figures, in anticipation of an advance. The tendency in New York, Fraitin Came, per Cincinnati and Chleago is to higher prices.
Prices have also steadily advanced in New rleans. As the rotton season advances, and planters are enabled to form something like reliable estimates of the crops, and obtain more liberal advances upon them, an increased demand for provisions may be antictpated, and, consequently, an advance in price.
